

# Shifting from Reactive to Proactive Security Risk Management

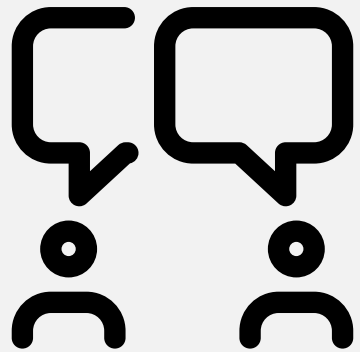

**Jeff Sieben**  
**CPP, CISSP | PMP**  
Product Manager, Resolver  
IT Security Council, ASIS

Twitter: @jeffsieben

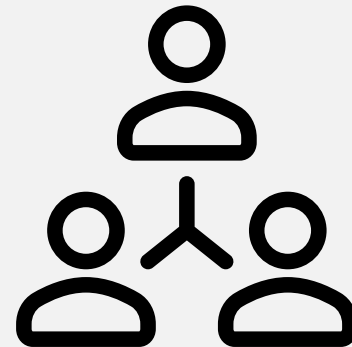

# Foundation

Understanding  
stakeholders

Risk management  
culture

Eliminating silos

Industry  
collaborators

# Context

- Asset Owners
- Department Heads
- Other Stakeholders
- Attack Surface

# The Attacker Mentality

Singular  
Focus

Patience

Non-linear  
Thinking

Backward  
Reasoning

# Risk Management

- Avoid
- Mitigate
- Transfer
- Accept
